## **InfoCision named one of the top workplaces in Northeast Ohio**

Akron, Ohio, June 28, 2010 – On Sunday, June 20, [The Plain Dealer](#) named [InfoCision Management Corporation](#) one of [15 Top Workplaces in Northeast Ohio](#) in the large employer category; companies with 500-plus local employees.

*The Plain Dealer* enlisted the help of [WorkplaceDynamics](#) to survey employees of 129 participating companies including large, mid-sized, small and private and publicly-owned companies in the region. Organizations were evaluated based solely on employee responses to survey questions such as “I have confidence in the leader of this organization” and “My manager listens to me.” Only 75 employers made the final list.

Even with close to 4,000 employees, [InfoCision’s unique work environment](#) can be seen and felt on a daily basis at any of the 15 locations InfoCision calls home. It’s evident that employees love their jobs and love coming to work everyday and it comes across in how they do their job and how they treat their co-workers. People say ‘hi’ to each other as they pass in the hall. Employees pull together to show support if a co-worker is going through a rough patch in life – it’s not uncommon for the company to sponsor a potluck to help raise money for an employee.

From the top down, InfoCision’s culture succeeds because it’s the small things that matter – like recognition through something as ‘small’ as birthday cards sent to staff; to hot dog cookouts and pizza parties; to the monthly Employee of the Month recognition ceremony where outstanding employees are recognized by senior management at each of the company’s call center locations. Over the last six years InfoCision has added on-site fitness centers, on-site childcare centers and wellness centers with an on-site physician at many locations. Health fairs are held twice a year as a fun way for employees to learn about health, nutrition, fitness, and balancing work and life.
