InfoCision Cuts Ribbon to Celebrate Completion of Facility Expansion

Expansion allows InfoCision to add 120 new jobs and employee amenities in Mansfield, Ohio

Mansfield, Ohio, June 17, 2008 – On Tuesday, June 17, InfoCision Management Corporation joined with state and local leaders to ceremoniously announce the completion of its expansion project in Mansfield. This expansion allows for the creation of 120 new jobs, in addition to the 190 workers already employed by InfoCision in Mansfield.

The renovation of the InfoCision's building at 1404 Park Avenue West will allow InfoCision to expand its operations in Mansfield by adding a new call center, in addition to the two already in operation. The facility now provides InfoCision with almost 35,000 square feet of space, doubling the amount of space InfoCision occupied before the expansion project.

In addition to expanding operations, InfoCision's newly renovated facility will provide expanded indoor and outdoor break areas for employee enjoyment. The company recognizes that employees are the key to its continued success, and makes every effort to help employees create a positive work/life balance.

In 2005, due to the ever-increasing cost of health insurance, InfoCision implemented a corporate health and wellness initiative. The company first became self-insured, and has since created other amenities aimed at giving employees the tools to lead healthier lives. These amenities have had a dramatic effect on health insurance premiums for InfoCision and employees, as these costs have risen an average of only about one percent annually since 2005. InfoCision expanded its health and wellness program in Mansfield by:

-more-

-continued-

- Adding an **InfoWellness** Center. InfoCision is in the process of hiring an on-site physician who will be available to treat employees and their family members for such procedures as physicals, check-ups, shots, and even urgent care after hours. Additional health and wellness programs, including an annual health fair, are offered throughout the year.
- Expanding the **InfoFitness** Center. This is an on-site fitness center, equipped with high quality equipment, locker rooms and showers, and is available to employees for a minimal fee per month.

“We want to thank the City of Mansfield and everyone who helped to make this expansion a reality,” said InfoCision Senior Vice President of Corporate Affairs, [Steve Brubaker](#). “We have enjoyed great success in Mansfield over the last six years, and we are committed to being a partner with this community. This project will allow that partnership to grow, and continue for many years to come.”

InfoCision is headquartered in Akron, Ohio and employs 4,000 people company-wide. The company has expanded or is in the process of expanding operations at eight of its 13 locations. The company hopes to fill the new positions over the next few months.
