**InfoCision Wins NorthCoast 99 Compensation and Benefits Award
Company Receives Sixth NorthCoast 99 Award**

Akron, OH, Sept. 6, 2007 – Akron-based teleservices firm InfoCision Management Corporation will be honored yet again as an outstanding employer. The Employer's Resource Council (ERC) will present InfoCision with the NorthCoast 99 Compensation & Benefits Award, and the company's sixth NorthCoast 99 Award, at a ceremony on September 19, 2007. The NorthCoast 99 Award recognizes the 99 best places to work in Northeast Ohio.

"We want to create an environment where people enjoy coming to work," said InfoCision President and CEO Carl Albright. "This award recognizes that we are doing the right things by our employees, who are simply the best in the business."

Nominated by employees, InfoCision was extensively judged on its policies and procedures for compensation, benefits, health and safety, training and education, diversity, community service, recruitment and retention, and employee communications. The special category award recognizes the numerous benefits offered by InfoCision, especially with regard to health and wellness programs and on-site amenities, such as:

- On-site fitness centers at many locations.
- An on-site physician who travels to InfoCision locations throughout northeast Ohio.
- Annual health fairs at each location that include free screenings for cholesterol, blood pressure, etc...
- Free tobacco cessation programs.
- Daycare reimbursement programs.

"We are so proud to have won this award so many years in a row," said InfoCision Director of Human Resources Silvia Hauber. "It's a tremendous recruiting tool and a great honor for our company."

As Northeast Ohio's largest employer's association, the ERC assists in the attraction, retention and motivation of more than 400,000 employees in 1,000 businesses in a 22-county area. For the last nine years, the NorthCoast 99 Awards have set the benchmark for outstanding workplaces.
