**InfoCision Announces Expansion of Riverside Operations
Approximately 140 Jobs to be Created**

Dayton, Ohio, November 2, 2006 – InfoCision Management Corporation announced today, November 2, 2006, that it will be expanding operations in Riverside by approximately 140 employees. The announcement came as the firm celebrated the location's one-year anniversary with Riverside Mayor Kenneth Curp, Montgomery County Commissioner Charles Curran and other local representatives.

The firm will be adding a 70-seat religious fundraising call center that will operate two shifts per day. Currently, the Riverside location includes volunteer recruitment and internet services call centers. InfoCision holds a ninety percent market share in the religious fundraising field of the telemarketing industry.

"We are extremely pleased with the results our Riverside location has achieved in such a short time," said Steve Brubaker, InfoCision's senior vice president – corporate affairs. "The quality of the workforce here and the increased needs of our clients made this expansion inevitable."

The firm is also looking to add an additional 50 individuals in the Dayton area to its rapidly expanding work-at-home program, which is geared toward individuals who are unable to work outside of their homes. If you are interested in applying for a position at InfoCision's Riverside call center or through the company's work-at-home program, call 1-800-IMC-PAY-U.

In addition, InfoCision announced that it will be expanding the location's fitness center and adding a wellness center that includes space for an on-site physician who will be available to employees. InfoCision's employee benefits package helped the firm to be named one of the top 10 employers in the state by the Ohio Chamber of Commerce earlier this year.
